Costly Items Are Considered For October Town Meeting

Burglaries Down Due To Vigilance

Andover residents continue to report suspicious activity in their neighborhoods and it is apparently having some effect, since the number of house and apartment breaks has continued to decrease, according to police reports.

While the month's total losses due to housebreaks remained high in July, the figure was due principally to one major break early in the month before the drive to obtain citizen help began.

That single break, which involved the theft of silver and similar valuable items from a home amounted to \$7,000 and made the monthly total \$16,000, according to the figures submitted to the FBI for tabulation by the Andover police.

Sgt. Robert Parker of the police detective division, reported that since the alerting of the public through articles in the TOWNSMAN, the number of breaks has decreased, since the additional police patrols have been investigating all suspicious activity reported to the department.

Reassignment of plain

clothes personnel has also assisted in reducing the number of house breaks locally.

This past week there appeared to be an increase in the value of items taken, with the theft of some television sets and other sizeable items in the five housebreaks investigated.

Andover police are hopeful the neighborhood vigilance will continue in a two-pronged effort to reduce the breaks as well as possibly leading to some arrests.

As has been the case in the past couple of weeks, there have been calls investigated which have resulted in police checking into out-of-town residents parked in cars at the end of a street.

While such activity is not in itself an offense, it does provide police with some information relative to who the persons are, as well as discouraging any thoughts of possible burglarious intent.

Police advise the continued efforts of the public in Andover toward reporting suspicious activity is welcome and has had some obvious effect.

The October town meeting, somewhat in question as to value at the annual town meeting in March, could contain some very important business for Andover voters and taxpayers.

Among agenda items being considered for the October 6 session are acquisition of land adjacent to Memorial Hall Library, some decisions regarding the Sacred Heart property in Shawsheen, and possible bond issue calling for \$3.5 million for water distribution system improvements.

Still a possibility, although remote following last Thursday's selectmen's meeting is a possible item dealing with revaluation of the town.

All are major items for consideration involving considerable amounts of town funds, thus giving the annual October session more import than in recent years.

The inclusion of the article dealing with the Playhouse property, so-called, to the rear of the library, has been included among the items to be considered at the meeting, with the selectmen withholding any decision regarding support at this time.

Chairman Frederick S. Allis of the Library Trustees, last week informed the selectmen of

the need and desire to acquire the land to the rear of the library, as well as the former theater building now converted to offices.

The property was considered at one time for town acquisition at a cost of \$80,000 and rejected by town meeting. The cost in the intervening years has risen to the vicinity of \$200,000.

In addition to the building, there is land for parking areas immediately to the rear of the library and also a lot on Pearson street included in the parcel.

Chairman Allis informed the selectmen at their meeting last week that the property had been lost by the town a few years ago when the opportunity presented itself, and hoped that such would not be the case again.

The library is in need of the property for contemplated expansion, as well as parking facilities.

The selectmen, in allowing the article to be considered for the October meeting, withheld approval, pending further study. Chairman Milton Greenberg pointed out that still under study is the possible use of the East Junior High school as a civic center, for such things as library expansion as well as consolidation of administrative offices.

Decisions regarding the Sacred Heart property may also be in the town meeting warrant.

The study committee is still working on its report, regarding the feasibility of acquiring the building and land in Shawsheen.

General consensus leads to the indication that the town is interested in land acquisition, but not the building.

Authorities dealing with the property for the Sacred Heart order, have given the town a month's extension on the deadline for a decision on the property.

Originally, a decision was requested by early August, but Town Manager J. Maynard Austin reported this week that the deadline has been extended for another month.

Currently underway is an appraisal of the property.

Possibly the matter will be placed before the voters to allow a general decision to be made as to what the town desires as far as the overall property is concerned.

It has been suggested in discussions before the study committee that while the building has no useful town purpose at the moment, its acquisition could be beneficial for future use or simply protection of the town. The decision would be left up to the voters, if the parcel must be purchased in total.

There is definite interest in the land portion of the parcel, but as of the moment, there are no provisions to sell the parcel without the building.

The bond issue for water system improvements involves enclosing the open reservoir on

A couple of gulls on New England's seacoast display little concern about the record high temperatures of the past week. Heat and humidity combined to make the weekend particularly oppressive through Sunday afternoon. As for the gulls, in this scene by TOWNSMAN photographer Rose Lewis, they had to seek out such places as rocky coastline to relax, as beaches were jammed. Locally, backyard pools, Poms, or air conditioned rooms were the only areas to seek relief from the heat wave which showed signs of easing as of midweek.

Openings Available At College

Andover Junior College is still accepting students for Certificate and Associate Degree Programs, as well as non-credit courses, beginning in September.

The Associate Degree Program consists of sixty weeks of courses with majors in either Accounting, Management, or the Executive Secretarial Sciences. The thirty week Certificate Program offers courses in Retailing, Bookkeeping, Clerk/Typist, Machine Transcribing Secretary, and an Advanced Secretarial Course.

Non-credit courses are available for linguistic minorities. The "Bilingual Program" teaches the student English through his/her native language. The "Language Development Program" is for students with limited skills in English. Students completing these courses may then enter either the Certificate or Associate Degree Programs.

Entrance examination testing dates for September enrollment are Aug. 8, Aug. 22, Sept. 5, and Sept. 19. The examination is administered at Andover Junior College at 10 a.m. There is no fee. For further information contact Tom Cady, Director of Admissions.

Mitton In Charge Of Reservations

Wayne N. Mitton of 5 Wood Lane, North Andover, has been named Superintendent of the Andover - North Andover Management Unit of The Trustees of Reservations.

A resident of Andover for many years, Mr. Mitton is a 1963 graduate of Saugus High School. He graduated from the University of Massachusetts, Amherst, in 1973 with a Bachelor of Science degree in Forestry. He holds an Associate degree from the University's Stockbridge School of Agriculture.

Mr. Mitton was Superintendent

of The Trustees of Reservations' South Shore Management Unit with headquarters in Hingham. A forester in New Hampshire prior to joining The Trustees, Mr. Mitton is a veteran of the United States Air Force.

He is married to the former Linda R. MacCausland of Andover and they have a daughter, Jennifer.

Mr. Mitton is a member of the Society of American Foresters and is currently a member of its Planning Committee for the Summer Field Meeting of the New England chapter.

As Superintendent of the Andover - North Andover Management Unit, Mr. Mitton is responsible for operations at three properties owned by The Trustees of Reservations. These include the 595-acre Charles W. Ward Reservation in Andover and in North Andover, Weir Hill Reservation and the Stevens - Coolidge Place, the former summer home of Ambassador and Mrs. John G. Coolidge.

The Trustees of Reservations is a charitable corporation founded for conservation purposes in 1891 to preserve for the public, beautiful and historic places and tracts of land within the Commonwealth of Massachusetts.

Edmund J. Sullivan, III

Accepts U.N. Post In Africa

Edmund J. Sullivan, III, formerly of Andover, has accepted a position with the United Nations, World Food Program, in Ouagadougou, Upper Volta, West Africa.

Sullivan, a cum laude graduate of Boston College in 1972, is presently with U.S. A.I.D. in Dakar, Senegal, West Africa, involved in grain distribution in the drought ridden Sahara. He spent two years with the Peace Corps following his graduation from B.C.

Ed is the son of Selectman and Mrs. Edmund J. Sullivan, Jr., of 4 Rolling Ridge Road, Andover.

The Sterling and Francine Clark Art Institute will offer guided tours in its summer schedule. Throughout July and August at 3 p.m., recent Art Institute graduates will discuss impressionism, landscape painting, portraiture and Renoir. Supplementing scheduled other daily events, is the newly revised acousticguide tour, a 50 minute recorded tour of the highlights of the collection at the famous Williamsburg landmark.

McGraveys To Study At Medical Schools

Ann McGravey and Vincent McGravey, 21 Enmore Street, Andover, brother and sister, have been accepted in medical schools this fall. Vincent will attend Eastern Virginia Medical School and Ann will be a member of the first year class at the University of Massachusetts Medical School. Their parents, Dr. and Mrs. McGravey, are on the faculty at Merrimack College, in the English and Chemistry Departments.

Ann, a summa cum laude graduate of Merrimack College class of 1975, with a perfect 4.0 average, majored in chemistry. She was an officer in the Chemistry Club, was a Presidential Scholar and involved in the Chemistry Department Tutoring Program. Ann has received many awards including membership in Sigma Xi, a National Honorary Science Fraternity; American Colleges

and Universities and was awarded the Mortimer Sullivan medal for the highest ranking graduate in the Division of Science and Engineering at Merrimack College. Ann, in 1974, was awarded an American Cancer Junior Research Fellowship.

Vincent, a cum laude graduate of Merrimack College class of 1974, also majored in chemistry. He was president of the Chemistry Club, was a Presidential Scholar and active in the Chemistry Department Tutoring Program. Vincent is the recipient of numerous awards including membership in Sigma Xi, a National Honorary Science Fraternity; and the National Institute of Chemist's Award. Vincent is also well known for his Vitamo Marionettes, having given many performances locally. He is a June 1975 graduate of Tufts University receiving a Master of Science degree in Environmental Health.

Dividend Increased At H-P

Hewlett-Packard Company's board of directors today increased the semiannual cash dividend on the company's common stock from 10 cents a share to 15 cents a share. The increase will apply to HP's next regular dividend, which is payable October 15 to stockholders of record September 24.

Hewlett-Packard began paying a 10-cent semiannual dividend in 1965. In 1970, when the company had a two-for-one stock split, it retained the 10-cent rate on the additional shares created by the split. This doubled the dollar amount of dividends paid to stockholders.

President William R. Hewlett said today's decision to raise the dividend was based on the company's higher level of earnings,

and the significant improvement in its cash position over the past 18 months.

As for HP's current business outlook, Hewlett termed it "uncertain at best. Although our international business has been holding up reasonably well, our domestic orders are quite soft. We are maintaining a cautious position, keeping a tight control on expenses and hiring until there is a marked improvement in the general business climate."

Planning Program For Fall

The Recreation Community Schools Department is in the process of setting up the 1975 fall program. In order to fulfill the community's desire of innovative, new programs, the department is constantly searching for individuals who have a skill or talent they would be willing to share. The department also keeps an active list of people to replace those who can no longer teach their course. Therefore, whether or not your course specialty is presently offered, if you are interested in teaching, the Recreation Community Schools Department would like to hear from you.

The department is presently looking for instructors in areas such as plant care, antiques, drama, picture framing, secretarial skills, martial art, flower arranging, languages, specialty cooking, accounting and swimming. There are also openings for supervisory positions in open gym programs; anyone interested in leading a lengthy, weekly bike hike? For further information, please con-

tact Joan Pearson at the Recreation Community Schools Department.

The Jacob's Pillow Dance Festival in Lee, recognized as America's first and one of the world's leading festivals, announces its 1975 schedule. This year the eight-week season runs from July 1 through Aug. 23, with the Boston Ballet, the Maria Alba Spanish Dance Company, and the Murray Louis Dance Company listed among the headline attractions appearing at the Festival's Ted Shawn Theatre.

Trip Club Concludes

The eighth season of the Andover-North Andover Y.M.C.A. Trip Club for boys and girls 7-12 years of age concludes this week. A total of 92 individuals participated in part or all of the six week program con-

ducted by Y.M.C.A. Youth Program Director Gary Green. The Red Sox ball game produced the record attendance when 64 made the trip into Boston.

The program included bus trips on Mondays, Wednesdays and Fridays of each week, a total of 18 trips to points of interest including: New Hampshire State Parks at Kingston, Pawtucketaway, Silver Lake in Hollis, Hampton Beach and Wallis State Beach. Also to the New

Hampshire Playhouse, Logan Airport, Stoneham Zoo, Boston Museum of Science, Benson's Animal Farm, Canobie Lake and two deep sea fishing trips. Mr. & Mrs. Dennis York were regular staff members assisted by 22 other senior and junior Y.M.C.A. leaders at various times. A certified instructor was in charge of the aquatic program related to each of the trips.

Selected For Special Honors

An Andover resident was selected last week for special honors by the Boston Federal Executive Board.

Anne L. Guilmotte, associated with the Dept. of Health, Education and Welfare was personally presented an exceptional service award for assisting one or more FEB committees attain its goals during the past year.

William M. Gibson, Chairman of the 90-member Boston Federal Executive Board and Regional Commissioner, Federal Trade Commission, made the presentation at a breakfast meeting hosted by the FEB for all award winners at Fort Devens on June 27.

Federal Executive Boards were established in 25 major metropolitan cities by presidential directive in 1961. Through committees and task forces, the Boards co-ordinate and integrate programs of the Federal Government as well as establish close ties with state and local governments.

The Board exercises broad authority overseeing the executions of its programs throughout the entire government structure designed to serve the community and improve the quality of life.

Dr. John P. Appleton

Appointed Technical Director

Dr. George N. Hatspoulos, president of Thermo Electron Corporation, has announced the appointment of Dr. John P. Appleton of Andover, to the newly-created position of Vice President and Technical Director for the Corporation.

Prior to joining Thermo Electron in June 1974 as Technical Assistant to the president, Dr. Appleton was a Professor of Mechanical Engineering at the Massachusetts Institute of Technology where he was internationally known for his work in fluid mechanics, combustion, and energy related technology. He had previously worked for General Motors Corporation as a Senior Scientist at their Research Laboratories in Santa Barbara, California. He received his engineering training with Rolls Royce Ltd. in England and at the University of Southampton. Dr. Appleton will be responsible for directing and coordinating the technical aspects of the Corporation's various development programs.

Thermo electron develops, manufactures and markets products based upon the thermodynamic technologies of heat transfer and energy conversion. The Company's principal products include industrial heat treating furnaces, papermaking equipment, Rankine engines, pollution measuring instruments, electret microphones, refractory metals and metallurgical services.

Fr. Martin In Salem Performance

Old Ben Franklin is alive and well and coming to the Town and Country Playhouse in Salem, N.H. through Sunday, Aug. 10 when the New York Drama Critics' Circle Award and Tony Award winning musical "1776" by Sherman Edwards and Peter Stone is presented. Starring as Ben is none other than Rev. Jon C. Martin of St. Robert Bellarmine Parish, returning to the stage for this performance. Father Martin is using the occasion to raise money for his personal charity, Camp Fatima for the handicapped and mentally retarded.

"1776" is the delightful song and dance version of how the Declaration of Independence came to be. The spectacular production designed by New York's David McNitt, is actually a very amusing refresher course in history. The music revives the

spirit of the time inside and outside the Congressional chamber. In "1776" we see the founding fathers as they were, men with character, politicians with regional axes to grind.

"1776" has been selected by producer David Garmel this season for the American bicentennial celebration taking place throughout our great nation. The large cast production will feature Robert Alpaugh in the role of John Adams. This will be his first major appearance on stage, having directed the sensational "Godspell" earlier in the season. The aforementioned Rev. Martin will appear as Benjamin Franklin, Margaret Webb as Abigail Adams, Doug Hoekstra as Thomas Jefferson, Robbi Curtis as Martha Jefferson and the entire company of New York professionals together with other area professionals. The entire production is under the direction of television's Mark

Kaufman, choreography by Shirley Terrill, costumes by Bob Harvey, lighting by Daniel Charles Abrahamsen and Fred Frabotta of Sarah Caldwell's Opera Company of Boston is the music director.

The air-conditioned Town and Country playhouse is easily reached from all areas at exit 1 off Interstate Route 93 opposite Rockingham Park in Salem, N.H. with plenty of free parking. The comfortable theatre is housed in the new multi-million dollar high school. Ticket reservations are available by telephone with special reduced admission for senior citizens, students,

now she's thrilled with the results.

She's also delighted with the money she saved by do-it-yourself decorating. And it all went into

Gladys Towne, a secretary at Andover Bank, figured she'd save the cost of painting and wallpapering by doing the easier sections herself. So she took her courage—and a brush—in her hands and

her 90-day notice account where it's earning 5 3/4%.

Harbor Trip Playground Highlight

Playground Fun Fair

Cathy Hill, right, counselor at West playground, assists Cindy O'Shea and Katie Fleming during activities at The Park during annual Andover Playgrounds Fun Fair Tuesday.

This week's playgrounds activities were highlighted with a two hour cruise around Boston Harbor. More than 200 children took the cruise in what turned out to be a refreshing way to beat the 90 degree heat.

On Wednesday, Aug. 13th the playgrounds will visit Canobie Lake Park. Cost for the trip is 50 cents and includes admission, ice cream and a soft drink. Registration forms are available at the playgrounds. Deadline for registration is 1 p.m. Monday, Aug. 11.

BALLARDVALE

Ballardvale's basketball team got off to a tremendous start last week. The team, which included Tim and Steve Lemay, Maureen, Steve and Roger St. Amand triumphed over Sanborn with a score of 24-4. Tim and Roger were the stars.

On Wednesday, Ballardvale playground appeared to have been invaded by a tribe of wild Indians. Kids and counselors alike donned warpaint and feathers. Kim brought in a recording of a genuine Sioux Pow wow, so we had music to paint our teepees by. Unfortunately, Russell's giant teepee of cardboard and newsprint proved to be architecturally unsound when a gust of wind knocked it over. A delicious lunch prepared by the Great Chief Freckle Face ended the day.

Thursday, we had a birthday party for anyone who has a birthday. The day's activities included the making and decorating of party hats and a fun game of "Pin the Nose on Russell." Birthday cake and watermelon topped off the day.

The Ballardvale team triumphed over Shawsheen 7-3 for the softball championship despite the pine trees in left field.

DOHERTY

With both the hockey and softball seasons ended it was a different kind of week at Doherty. Monday was backwards day, with all the activities going in the wrong direction, backwards. Besides wearing their clothes backwards and having their names reversed, the kids enjoyed backwards games and relays. The team of Heather Hughes, Danny Grecoe, Jenny Sanders, Beth Ann Grecoe and Bethany Hughes seemed to be

the best in doing things backwards as they won 4 of 5 races to become champions.

Tuesday was a day of fun and games as the playground members took to the woods

blueberry hunting, as well as making sandcasts and popcorn on the playground.

Wednesday the seasons were moved ahead a little for Halloween. All the playground

kids took their costumes out and wore them for the annual Halloween Party. The day started with acandy hunt followed by games of bobbing for apples, and eating donuts off a string. Costumes were judged with first prize going to Katrina Smith dressed as a genie, second place went to Amy Moody in her dice costume and third place was awarded to Jenny Sanders dressed up like a dalmation.

Thursday was a day for anything. The kids took part in crafts and games, as well as trying to string up the playground. In the end our string stretched around the whole Doherty School and when rolled up it was the size of a basketball.

SANBORN

Heap big good time at Sanborn playground. Week start off with tee-pee building. Many good designs — brilliant efforts especially made by Beth Kelley, Karin Mesler, Steve Kelley and Gina Comparato who won contest. For prize they got extra points and candy bar with ants!

At the cracker whistle contest the Sleath brothers Mike and Todd, proved to be the best. Other contests last week included cup cake decorating with awards going to Danny Kimball for the most patriotic; Marcia Batal for the most colorful; Todd Sleath for the sickest

looking; Joan Pearson for eating the most and Kathy Kimball for being the best helper. The bicycle obstacle course showed Jeff Kennedy as the fastest and most accurate rider with Greg Batten, Danny Kimball, Paul Pathiakis, Geoff Dowell, Shane Smith, Todd Sleath. Lance Pitt Hult and Chris Comparato as runners up. Super soap carvers were Justine Koromhas whittling out a turtle, Jim Driscoll a TV, Gina Faro a penguin and Sue Hillman a two-faced monster. Last Friday Tim brought in Alphabets for breakfast and shared them with all the kids. A spelling contest was held. Sara Michelle Sapuppo spelled her name for the longest real word and Amy Moynihan made the longest nonsense word.

At the kickball game against Ballardvale the Sluggers were triumphant. Scorers were Robbie Ozonian, Paul Pathiakis, Jeff Bruk, John Healy, Kenny Bansfield, Scott Miller, Suzanne Janusz and Craig Horgan each

scoring one or two runs, a fine game.

Those who stayed on the playground Friday enjoyed making vegetable soup with Marilyn the cooking teacher and other various activities with Tim and Maureen.

A final note extending congratulations to Peter Fernandez for becoming the Prince Charming of Sanborn School.

SOUTH

South is starting to prepare for the Good Sports Competition on Aug. 15. All the hidden talents are coming out. This week was filled with activities such as puppet making. Then the children got to see the puppeteers and were taught a lot of back stage secrets.

Tuesday we made Rice Krispies sculptures and Jeremy Kovacs decorated himself with the marshmallow. After we cleaned up the goop, we painted our equipment cabinet and all the children displayed their artistic abilities. Linda ended up with a shoe full of paint.

Steve and Carrie took a stampede of kids to the Andover Lanes, where they bowled three strings, before moving on the Rose Glen Dairy for ice cream to cool off in the heat. After overcoming minor bike

problems, we made it back with time to spare.

Tuesday, our kickball team pulled a big upset over Shawsheen's team. We won 6-4 on fine performances by J.M. Brideau, Gary Ewell, Jim Gardner and Dave Jones. Pippi Saalfrank put a step forward for Women's Lib by pitching the win. We weren't as successful in basketball as we lost a close battle, 38-13. We want to wish Guerry a quick recovery from his loss in kickball.

SHAWSHEEN

We started off this week with a watermelon eating contest which was won by Tommy Wilkins for the 4-6 graders and Dino Martone for the K-3 graders. We also decorated bottles with tape and shoe polish which continued through the week.

Tuesday we had a pet show. Some of the winners were Mary Wermers with her dog Six who won best dressed; Deana Martone with her dog Cha-cha who won best trained; Amy Sirois with her ant Herbie III who won the smallest and Colleen Cormier with her hamster who won the cutest. The finger painting with pudding tasted good but we didn't get too many pictures made.

The older children went on a bike hike with Gerry Grune to

Haggetts Pond and then over to McDonalds for a quick lunch.

Thursday everyone came to the playground breakfast. While the waffles and pancakes were cooking we entertained our hungry visitors with skits. Because of the heat we had a waterballoon fight then a water fight where everyone got soaked but it sure felt good!

WEST

Action was slow at the Wild West last week. For some unknown reason (be it vacations or the summer sun) attendance was cut in half. But, the lack of warm bodies did not hamper us from having lots of fun.

Tuesday, with watermelon, plums, blueberries, peaches, apples and marshmallows, we made enough fruit salad for all. Then after we were done eating, told knock, knock jokes printed on the sides of the cups. Backwards day was in progress all morning on Tuesday, and the winner for wearing the most backwards was Dicky Callafano.

Wednesday, we finally planted our garden — though it's all contained in 25 separate paper cups. The buse beans and spaghetti plants have already begun to sprout. Sue took a group up to Haggett's Pond where they took a hike and had lunch.

Thursday it was back to the 30's at the Wild West, as our

Dance Marathon was officially underway. Eight couples danced to the Beach Boys and Bumped to the Beatles from 9:30 a.m.-

12:30 p.m. and went through eight quarts of kool-aid! Winners

Getting-Better Boxes At Library

Getting-Better Boxes, a new concept in library service to young shut-ins, are now available to parents of children who are sick, from the Children's Room at Memorial Hall Library in Andover.

The boxes, paid for by the Andover Society of Andover, have been created by former Children's Librarian, Jan Johnson. Each one is a self-contained kit designed to help entertain a convalescing child. In each kit are paperback books, games, puzzles, a kaliedoscope, a cassette player and a cassette tape of stories as well as a notebook explaining the idea to parents and an "idea" book, *I Saw a Purple Cow* by Ann Cole to be used by parents.

There are six Getting-Better Boxes. Four of them are housed at Memorial Hall Library and two are kept at the Ballardvale Branch Library. Each box is specifically designed for a particular age group. Toys, books, games and cassette tapes have been selected according to the following age divisions: 3 - 6 years, 6 - 8 years, 8 - 10 years, and 10 - 12 years for the Andover boxes, and 3 - 7 years and 8 - 12 years for the two Ballardvale boxes.

Getting-Better Boxes can be borrowed by parents only, for sick or shut-in children only. The entire box must be borrowed as a unit and substitutions cannot be made. Boxes will be circulated for a two-week period and contents will be checked when the kits are returned. (Reimbursement for missing or broken parts will be required.)

So often parents will rush into the Children's Room saying, "I have a nine-year-old at home with Chicken Pox, what can I take for him/her to read?" We hope these boxes will help make that "getting-better" stage of illness easier for both the child and the parent.

In addition to books and records, the library has audiovisual materials available for loan. 8 mm projectors and a large selection of 8 mm films (both standard 8 and super 8 films) may be borrowed by library patrons. Slide projectors, tape recorders, filmstrips and filmstrip projectors are also available. Organizations may borrow 16 mm projectors and films. For more information, ask at the reference desk.

Children's Room News By Ruth Hooten

The lazy days of August are here - but there are still things to do in the Children's Room. On Friday, Aug. 8 at 10:30 (rain or shine), there will be a Wood Sculpture Program for children ages 6 - 12 years. This promises to be great fun if a bit messy.

The Laura Ingalls Wilder Club

continues to meet on Monday evenings at 7 p.m. The first major project (models of Laura's log house) is almost completed, but other projects are planned for August. So, if you are interested and are in the 3rd grade or above, come and join the club.

For younger children, the Yellow Balloon offers stories for pre-schoolers ages 3½ - 5 years every Tuesday at 10:30 a.m. (no registration required). Tuesdays and Thursdays at 2:30 are the times for the Summer Reading Club meetings. Tuesdays for grade 1 - 3 and Thursdays for grades 4 - 6. It's not too late to join and the weather is perfect for spending an hour under a tree reading.

The next time you are in the Children's Room, take a look at our new display Noah's Ark lent by Mrs. Daniel Olivier. There is Noah and his Ark plus 144 pairs of animals, Elephants, giraffes,

Merger Plan Approved

Leslie N. Hutchinson, president of Massachusetts Bay Bancorp. Inc., and Weston L. Bonney, president of Yankee Bancorporation jointly have announced that the board of directors of both one-bank holding companies have approved a definite agreement and plan of merger.

This is the formal agreement, which had been previously approved in principle, on June 4. The agreement, which is subject to usual conditions, including regulatory approvals, favorable tax rulings, and formal approval of the plan by stockholders of both institutions, calls for an exchange ratio of 1.65 shares of the continuing corporation for each share of Massachusetts Bay Bancorp. Inc., and one share of the continuing corporation for each share of Yankee Bancorporation. It is anticipated that Messrs. Hutchinson and Bonney would be chairman and president respectively of the continuing corporation.

Massachusetts Bay Bancorp. Inc. is a Massachusetts bank holding company. It presently has 137,455 shares outstanding. Its principal asset, over 95 per cent owned, is Bay State National Bank, which at June 31, had nine banking offices, located in Lawrence, Andover,

Haverhill, Ipswich and Methuen, and a tenth office authorized but not yet opened in North Andover. On a consolidated basis as of that date Massachusetts Bay Bancorp. Inc. had \$101,750,000 in total assets and \$85,336,000 in deposits.

Yankee Bancorporation is also a Massachusetts bank holding company. It presently has 132,000 shares outstanding. It owns as its principal asset over 95 per cent of Cape Ann Bank and Trust Company, which at June 30 had five banking offices, located in Gloucester, Manchester and Rockport. On a consolidated basis as of that date, Yankee Bancorporation had \$45,109,000 in total assets, and \$40,060,000 in deposits.

A proxy statement will be furnished to all stockholders of both bank holding companies at a later date. It will fully outline the reasons for effects of their proposed affiliation. Each of their banks (Bay State National Bank and Cape Ann Bank and Trust Company) will remain as a separate bank and continue to provide full banking facilities with its present name, management, offices and personnel.

Sounds of Dixieland were heard at the Prudential Center on Monday, July 21 when The Ice House Five Plus Two opened the Prudential Summerscene Concert series with old-time Dixieland favorites. Pictured left to right are Bob Aiken of Essex on banjo, Court Crandall of Winchester on piano, David Niven of Cotuit on drums, Mike Horn of Lincoln on clarinet, Sam Rogers of Andover on bass, Bob Clark of Andover on trumpet and Stan Vincent of Needham on trombone.

Entertain At Summerscene

Dixieland jazz bounced down Boylston Street on Monday evening, July 21 when Prudential presented The Ice House Five Plus Two at its first 1975 Summerscene Concert.

The Ice House Five Plus Two is made up of seven communications executives from the Boston area. The group began playing together fifteen years ago while its members were vacationing in Ogunquit, Maine, and made its first appearance in the abandoned icehouse from which it took its name.

Known throughout New England, The Ice House Five Plus Two has performed at colleges in the area, country clubs, and at the New Hampshire winter carnivals. The group also tours Bermuda each year.

Band members are clarinetist Mike Horn of Lincoln, trumpeter Bob Clark of Andover, trombonist Stan Vincent of Needham, banjo player Bob Aiken of Essex, bassist Sam Rogers of Andover, drummer David Niven of Cotuit, and pianist Court Crandall of Winchester.

Intermission entertainment was provided by the Sweet Adelines. Members of this organization, which has performed at Prudential in the past, come from several Boston communities.

Summerscene concerts are complemented by the Prudential Merchants Association's weekly drawing which allows Summerscene guests to win valuable gifts.

In addition to the Merchants Association drawing, several people will win pairs of tickets to "Where's Boston?", the multi-image quadrophonic portrait of the Hub in the Bicentennial Pavilion on Prudential's South Plaza. Open daily from 10 a.m. to 10 p.m., the Bicentennial Pavilion also features a "museum" of 20th century Boston artifacts. The Pavilion will be open until December, 1976.

Free lemonade, courtesy of Brigham's and free balloons for children donated by the Top of the Hub Restaurant are distributed at each Summerscene Concert.

More information on Summerscene Concerts is available by calling Prudential's Public Relations Department.

LL All-Stars Have Impressive Statistics

13

The Andover American Little League All-Stars made some history in the Andover Little League by winning more games in Tournament play (5) than any other team in town history.

The Champs topped Lawrence Tower Hill 2-0, Newburyport 20-7, Lawrence Prospect Hill 2-1, Billerica American 5-4, and Tewksbury American 4-0 in the Championship game, before bowing out to the District 13 Champion Acton - Boxborough team 10-1.

Manager Frank Monette went with pitcher Richie Sambuco in the Acton game, knowing that he was going to need his top pitcher for another game against a highly-regarded Danvers team who had shut out all their opponents in winning their District Championship with two excellent pitchers.

Monette stated he wanted to give the players a chance to compete in the State Championships, and the only way that could be accomplished was by holding Patterson for Monday's game against Danvers. Her second pitcher, Steve Rathbun, had just pitched a game on Thursday in the local league and Monette felt with only one day's rest he wouldn't have been very effective, so went with Richie Sambuco.

Monette turned out being right about the Danvers game, because on Monday Danvers clobbered Acton - Boxborough 10-4.

Monette and Coach Dick Heidt and Don Rathbun had very high praise for the Andover team and felt the fielding, hitting and pitching combination was the best ever displayed by an Andover All-Star team.

Bob Patterson, the club's top pitcher from the Indians team, won all three games he pitched. He faced 80 batters, struck out 24, gave up 12 hits and 15 walks, while allowing only 1 run. At the plate he had two doubles and two homers, 8 runs batted in, scored seven runs and went 6-17 for a .352 batting average.

Steve Rathbun, the club's second pitcher from the Twins, was 2-0 as he faced 60 batters, allow-

ed 11 runs, 13 hits, struck out 6 and only walked 7. At the plate, Steve batted .272 and scored five times, had three RBI, three stolen bases and nine assists in the field.

There was a tie on the team for top hitter between Bob Heidt of the Yankees and 11-year-old Tom Wilkins of the Red Sox. Bob Heidt, the All-Star first-baseman, was 8-16 for a .500 batting average, which included two doubles, four runs scored, three runs batted in, three stolen bases and 25 put-outs while playing first base. Tom Wilkins, one of two eleven-year-olds to make the team, was 6-12 for a .500 batting average, had two doubles, scored twice, with one RBI and made two spectacular catches in left-field against Tewksbury in the championship game.

Ted Kelley, the other 11-year-old All-Star from the Red Sox, did the catching and had 33 put-outs and went 5-14 for a nifty .357 batting average with two doubles, and two runs batted in.

Red Sox shortstop Eddie Powers had 13 put-outs and 13 assists to lead the team in fielding. He also went 6-18 for a .333 batting average, while scoring three times with one run batted in.

Jeff Nicastro of the Twins was the Stars' third baseman with two game-winning hits as he

went 4-12 for a .333 batting average, scored three times, had a triple, two runs batted in and three stolen bases.

Chris Doherty from the Yankees was the Stars' right-fielder, making eight put-outs some of which were spectacular. He scored three runs, stole home in one game and drew four base on balls.

Tom Hetley of the Red Sox was the All-Star second baseman, and had nine put-outs and three assists to lead the team in fielding average. He scored two runs and had two runs batted in.

Utility player Mike Reilly of the Tigers was the second catcher and at the plate he was 1-2 for a .500 batting average. He scored a run and had one run batted in.

Richie Sambuco, pitcher from the Red Sox, had the only hit in the Acton game. Steve Stabile of the Tigers, utility outfielder, drew two base on balls and scored one run. Frank Beatty of the Indians played very well in leftfield, and Ron Jones of the Indians did likewise at third base.

Filling out the team were alternates Keith Matheson of the Yankees and Glen Johnson along with Don Bliss of the Red Sox, Mike Ganem (White Sox) and 11-year-old Jeff Bruk of the Twins, and Dave Gusmini also from the Twins.

The Andover Stars as a team fielding average, 33 runs, 45 hits, ended up with 45-146 for a .308 23 RBI, 14 stolen bases, 10 batting average, and a .919 doubles, 1 triple and 2 homers.

SAVE ON GAS.
AND SAVE WHAT YOU SAVE
WITH US.**

With the price of gas going up, the best thing you can do is cut down on the use of your car. And be a little wiser about how you use it when you do.

Like using regular gas unless your car is built for high-test (high octane costs more but doesn't do anything more for your car). Regular tune ups and maintenance checks will make your car run better, more economically. Stay under 55 mph, you could save a lot more than gas. And, when you can, walk. It's as good for you as it is for your budget. Another answer, when possible, join a car pool. Because the more we work together, the more we can all save together.

And we can help you save even more. By offering you plenty of ways to save the money you save on gasoline.

Like our NOW Account that looks

and works like a free checking account, plus, pays you 5% interest on your money. Regular Savings Accounts. And Term Certificates. One or more, the right way to save what you save on gas.

Any one of us here at any of our six offices will be happy to help you plan which savings program is best for you and your future.

We're the biggest savings bank in the Merrimack Valley. You don't get there unless you know how to help people save even better. You don't have to think twice about that.

Summer Hockey Concludes

A five week program of street hockey at the parking lot of the Andover-North Andover Y.M.C.A. ended this week. A total of 37 boys competed in two separate leagues, one grades 1-3 and the other grades 4-6, playing twice each week, Mondays and Fridays beginning at 8:30 a.m. Players were privileged to enjoy a swim in the new Y.M.C.A. pool at the conclusion of the program at 10:30 a.m.

An individual point contest was conducted by Y.M.C.A. Physical Director Walter J. Kimball, Sr. Five place winners for grades 1-3 were announced as follows: (1) John Caron, (2) John Mele, (3) Steve McKay, (4) Mike Geiger, (5) Dave Webster. For grades 4-6 John Geiger and Mark Boyle tied for first, third was Andy Shattuck, fourth was Steve Dougal and fifth was Joe Fournier.

Local Players Aid Title Quest

Six members of the Andover and North Andover Babe Ruth baseball teams helped key the Greater-Lawrence League 13-year-old All-Stars to the Eastern Mass. State Tournament championship last weekend at Bowditch Field in Framingham.

Andover players on the title club are Bill Stahley, Lary Larrabee and Pete Feeney, while North Andover youngsters are Mark Androski, Howie Coon and Dave Walsh.

In addition, Managers Rick Harrison of Andover and Frank Androski of North Andover are coaches for the State champions.

The G-L All-Stars, 5-0 thus far in tourney competition, opened their march to the State crown by defeating Burlington (120) and Lowell (23-0) for the District 8 championship.

Next in line was the Section 4

Bill Stahley

... belts homerun

At the Eastern Mass. State

Tournament, the locals whipped Saugus 9-5 in a wild semifinal and then blanked Seekonk 3-0 in the exceptionally well-played final.

Bill Stahley is playing leftfield and batting in the leadoff position for Greater-Lawrence.

In the five games thus far, Stahley has worked opposing pitcher for seven walks and scored a number of runs. Bill also opened the Seekonk game by blasting a long homerun over the leftfielder's head, which proved to be the only run G-L would need.

Lary Larrabee is stationed in centerfield where he has proven to be a key defensive performer. Larrabee gunned down a Wakefield runner trying to stretch a single into a double at a crucial point in the game, and nailed a Saugus player at third base with a perfect one-hop throw to Mark Androski to save a run.

At the plate Lary has contributed four singles and driven in several runs for the locals.

Mark Androski has sparked the airtight Greater-Lawrence infield with a series of excellent plays at third base, making good use of his quickness and strong throwing arm.

Mark has contributed at least one hit in every tourney game to date, driving home the second run against Seekonk and scoring the lone marker in the Wakefield game when he doubled, took third on a passed ball and raced home on Al Arsenault's suicide-squeeze bunt.

Howie Coon, the G-L first baseman, is another cog in the sharp championship infield.

At the bat Coon is now entrenched in the clean-up spot, where he has contributed a series of solid doubles and singles.

Dave Walsh was the winning pitcher in the 23-0 romp over Lowell, and when not on the mound Dave alternates at second base.

The next step for the Greater-Lawrence team is the New England Regional Tournament in South Weymouth August 14-17.

The locals are listed to face the Maine state champion in the first round. Other participants in the eight-team affair are state kings from New Hampshire, Vermont, Connecticut, Rhode Island and Western Mass. Completing the field will be host South Weymouth.

A special feature of both the State and New England Tournaments is the housing of the players in "foster homes" of the host city. The boys had an excellent time with their "temporary parents" in Framingham, and the same is anticipated in South Weymouth.

Openings For Trip To Series

Any boy in Greater Lawrence between the ages of 9-15 that is interested in going on a nine-day trip that will cost \$80. to see the Little League World Series is urged to contact Director Frank Monette immediately.

There are still a few openings left. The trip will begin Aug. 16 and will end Aug. 24.

The first three days will be spent in Philadelphia, at which time a sightseeing tour will take in Independence Hall, the U.S. Treasury, Betsy Ross House and Valley Forge and a Phillies vs. San Diego game at Veterans Stadium.

The Basketball Hall of Fame in Springfield, and Baseball Hall of Fame in Cooperstown, N.Y. will also be visited.

The rest of the trip will be spent in Trout Run, Pennsylvania at a motel in the Pocono Mountains, eight miles from Williamsport, Pa. where the Little League World Series will take place.

The trip will consist of playing basketball, baseball, tennis, golf, swimming and various other activities.

Each boy gets his meals, motel, transportation and all games for only \$80.

Giants Face Sox In Playoffs

By Rick Harrison

The National League Giants and American League Red Sox earned the right to square off for the Andover Little League Town Championship, as both clubs completed sweeps of the first and second-half pennant races last week.

Manager Ross Tortora's Giants closed out a perfect 10-0 second half by dropping the Braves 11-4 in their regular-season finale.

It marked the 13th straight triumph for the Giants during the entire campaign, as they finished with an 18-2 overall record which was the best of the 12 major league teams in the town.

Manager Frank Monette's Red Sox, playing four makeup games in a short span, won three of them to close out the second half at 9-1. This enabled the Sox, who were capturing their second straight AL title, to post a flashy 17-3 ledger for the whole season.

The Yankees again battled the Red Sox down to the wire in the second half, falling one game short of the winners with an 8-2 mark and 15-5 slate for the long haul.

Town Championships

The best-of-3 Town Championship series opened last night, after TOWNSMAN presstime, at the West Elementary School field.

The second game is listed for tomorrow (Friday) evening at 6 p.m. at West, and if a third game is necessary it will be played Saturday morning at 10 a.m. at West.

The National League has enjoyed a virtual stranglehold on the Town Championship for many years. The Cardinals were perpetual titlists for a number of summers. Two years ago the Pirates won the series, and last season the Mets humbled the Red Sox in the finals, sweeping in two games.

Giants, 11-4

Jon Pelletier, Greg Sacco and Fred Foote divided the pitching chores in the Giants' swansong, combining for a seven-hitter and six strikeouts.

Foote led the offensive assault once again, slamming his fourth homerun of the season and another hit to drive in four runs.

Winning chucker Jon Pelletier, Dave Leitch and Bernie Kavanaugh spiked two safeties apiece.

The solid Giants' defense was led by centerfielder Bob Meier, first baseman Dave Leitch, right-fielder Eric Teichert, second sacker J.J. Downey and third baseman-catcher Bernie Kavanaugh.

Belting doubles for the Braves were Dave Barker, Pete Crabtree, John Merola and Mike Twomey.

Red Sox, 16-2

The Red Sox secured their crown by clobbering the Twins (7-3) by a 16-2 count, clawing the Tigers 8-4 and winning by forfeit over the Indians.

In snapping the Twins' five-game win streak, the Red Sox

Bond Issue
Massachusetts Electric Company, a subsidiary of New England Electric System, has announced that it is planning to issue \$40,000,000 of Series N. First Mortgage Bonds. The maturity date has not yet been determined, but it will be not more than 30 years from the date of issue.

The bonds are tentatively scheduled to be offered at competitive bidding on Sept. 23, 1975. The proceeds of the issue will be used to retire at maturity \$20,000,000 of Series L Bonds, 8 1/2 per cent, due Oct. 1, 1975.

used the combined mound talents of Tom Wilkins (the winner), Richie Sambuco and Ted Kelley.

Wilkins was awarded the victory, allowing only two hits in three innings to boost his record to 2-0.

The Sox' 16-hit attack was sparked by Ed Powers, who went 4-for-5 with three doubles, one triple, three RBI and three runs scored.

Richie Sambuco chipped in a perfect 4-for-4 effort with four singles, three ribbies and two runs scored.

Tim Morris was 2-for-3 with a double and two RBI, Tom Hetley laid down two bunt singles, scored twice and drove in a run, Todd Zimmerman beat out a bunt and Jeff Demers lashed a hit.

Rounding out the Sox charge were Andy Emmert and Dick Kelley with run-scoring two-baggers.

For the Twins, Eric Fredette hammered a two-run double and singles were drilled by Dave Gusmini, Glen Obermeier and Brett Pearson.

Red Sox, 8-4

Richie Sambuco and Ed Powers split the pitching chores in half for the Sox, with winner Sambuco (6-1) whiffing four, walking five and allowing two hits during his three-inning stint. Powers was sharper, fanning seven, walking two and surrendering just one safety.

Ted Kelley powered the offense with an RBI double and single. Tom Wilkins delivered a two-run double, Tom Powers an RBI single and other bingles were slammed by Bob Faigel, Jeff Demers and Tim Morris.

Ira Gold led the Tigers' counter-attack with 2-for-3.

Ed Powers gained the forfeit win over the Indians to lift his pitching ledger to 5-1.

Yankees, 11-7

The Yankees, who beat the Red Sox three of their four meetings but lost a shot at the AL crown when the Indians forfeited that game to the Sox, whipped the champs 11-7 in their final get-together.

The Yanks erupted for eight runs over the first two innings and coasted the rest of the way.

Chris Doherty sparked the winners' assault with a double and single, while winning hurler Bob Heidt slammed a two-bagger, Steve Johnson doubled and singles were contributed by Glen Johnson and Robbie Slayton.

The Red Sox used Richie Sambuco, Ed Powers and Tom Wilkins on the mound, but failed to stem the Yankee tide.

Pacing the losers' offense was Tom Hetley with a double and single. Andy Emmert clubbed a two-run double, Ted Kelley hammered a double and solo bingles were laced by Jeff Demers, Powers and Wilkins.

Defensive standouts for the Yanks were shortstop Chris Doherty, who made several fine stops during the game, and left-fielder Steve Johnson with a superb running catch to save several runs.

A Confrontation And Responsibility

The selectmen and assessors got involved in a somewhat nasty and possibly unnecessary confrontation last week regarding the response to state orders on revaluation in the community.

The assessors had sent off a letter to the head of the state department of corporations and taxation indicating the desire of the board to seek funds to undertake a revaluation program in order to comply with state ordered equalized assessment in all towns and cities in the Commonwealth.

The letter was sent without the knowledge of the selectmen, who have established themselves as the town's policy making board.

As an observer of current curious governmental procedures which indicate that laws, men and judicial process can govern the masses, we would find the assessors guilty of not extending the courtesy of informing the selectmen or the town manager, of what they are doing.

The assessors, to our knowledge, have been under orders from the state tax commission to set up plans whereby they will conform to the court order resulting from the "Sudbury Decision," so-called. In that decision, the court ordered that all towns and cities in the Commonwealth must institute assessment practice which would result in complete equal valuation of all property in the community, based on 100 per cent fair market value.

Communications between the state office, ordered by the court to direct compliance with the mandate, has

been between the tax commissioner and the assessors of the individual towns and cities. No correspondence has been between selectmen, managers, mayors, or other chief executives.

Andover selectmen indicate strongly that they do not wish to see the town in the leadership role of revaluation, for which we can scarcely blame them.

The board was adamant to think that the assessors had indicated the method in which they intended to comply, and thus possibly place the town in a position to be first to be revalued.

But, the question, as we see it, is not one policy by the selectmen, but rather meeting state requirements to indicate the manner in which the intent of the law is to be met by the town.

State authorities, on the other hand, are under court order to indicate the degree of compliance with the mandate handed down in the Sudbury case.

The whole messy problem gives every indication that any resemblance between what has to be done and theories of home rule is purely fictional.

What happened last Thursday afternoon between the selectmen and assessors must be observed as a flamboyant display by the selectmen of indicating distaste for a mandate to revalue, as well as their feelings being hurt by assessors meeting their responsibilities while not taking into consideration some courtesies along the way.

We trust the assessors need not be reminded that such courtesies are in order for future dealings of this sort, and also refrain from making any effort to make Andover a leader in revaluation procedures.

The first use of the newly built clam oven at the playstead brought a great response Friday night. Children from all over gathered for the tasty morsels as soon as the fires got going.

David Bruce, formerly of Andover, now of Lawrence, retired

this week after 37 years of service to Smith and Dove Manufacturing Co. In appreciation of his years of service, he was presented a meerschaum pipe and a can of tobacco.

The Homestead Association, owners of the American Woolen Co., homes in Shawsheen, have announced a reduction in rents retroactive to July 1.

Walter Markey, Henry Hurwitch and Eliot Clark left Saturday for Camp Devens of August at the Citizen's Military Camp.

25 Years Ago - August, 1950

Public welfare costs have risen during the first six months of this year, but the cost to the town has not been excessive due to federal

and state grants.

Rain Tuesday checked somewhat the continuing drought which has left Haggetts pond 47 and one-half inches below normal for this time of year.

Lauristan Ward, Jr., curriculum coordinator for the Andover schools, has resigned to accept a position with Channel Two, the educational television station.

Extremes in clothing for either girls or boys will not be accepted at Andover High school in the fall, according to a new dress code adopted by the school committee.

Development of the site for the new high school began Monday with official groundbreaking ceremonies.

The zoning board of appeals has granted permission to C. Lincoln Giles to convert the former Tyer Rubber Warehouse property on North Main Street into apartments.

Wolf Berthold of Andover, has been named by the National Red Cross as volunteer program consultant for disaster services for the northeast regions.

State Highways Built Faster

Getting the state to do highway work in a community, apparently was not as cumbersome 50 years ago as it is today.

The work currently being done in widening and providing safety measures in an area of Route 125 and Route 114 in North Andover has taken considerable correspondence and work over the past several months, even years to get accomplished.

But 50 years ago, when the state highway was built, the North Andover selectmen were given exactly two days to decide whether the \$6,000 allotment for state highway construction in the town was

to be accepted.

The selectmen at that time had to set up a special town meeting within the ten day period to get the voters to approve installation of surface drains, as well as secure easements over property on "map as shown and provided by the state. If the owners are not the same as indicated on the state map, secure the releases from the proper persons and correct the names on the profile and map."

Chairman William Halliday of the selectmen called the special town meeting in order to dispatch the road construction which resulted in the continuing construction of state highway in the town.

More LSD Experiments

by Jack Anderson
with Joe Spear

WASHINGTON -- There has been an uproar over LSD experiments since the Central Intelligence Agency admitted it has slipped LSD to unsuspecting subjects. One of them, Frank Olson, leaped to his death out of a New York City hotel room.

For three weeks, we have been interviewing the leading LSD researchers in America. They have found the drug effective in treating alcoholics, neurotics, heroin addicts, and terminal patients.

The LSD experiments usually are conducted in a carpeted room, with a couch and soft classical background music. Most of the patients describe the experience as memorable.

But some have bad trips. One patient felt, alternately, that he was being chased, struck with a sword, run over by a horse and frightened by a hippopotamus.

There was another chilling note. In one LSD clinical experiment, there were five attempted suicides out of 5,000 persons.

Food Probe: The Federal Trade Commission is now investigating the supermarket chains in six big cities. The purpose is to find out whether the supermarkets are charging too much, in violation of the anti-trust laws.

We can report this much already. The government regulators have concluded that the supermarkets charge too much but have been unable to prove their pricing practices violate the law. By the FTC's calculations, the big food chains have rung up \$1,250,000,000 in excess profits since the early 1950s.

The food chains squeezed this out of the supermarket shoppers because of weak competition. But the regulators can't prove, at least not yet, that the supermarket chains conspired together to push up prices.

The excess profits appear to have resulted from the pricing structure, rather than any anti-trust conspiracy. The FTC also had concluded that the biggest cause of food price increases lately has been rising costs, not price manipulation. But the FTC is still investigating.

Nuclear Controversy: On June 20, we reported that Defense Secretary James Schlesinger had advocated the use of nuclear weapons, as an option, to repel an invasion of South Korea. This was confirmed by Schlesinger and by President Ford, himself.

Their statements caused such a backfire, however, that Schlesinger later stressed that

nuclear weapons would be used only in the event of "major major hostilities." We reported on July 8, nevertheless, that the Air Force was receiving special training to use tactical nukes as a response to "minor incidents."

White House press secretary Ron Nessen has now admitted that the Air Force, indeed, is training with nuclear weapons to meet all possible emergencies in an uncertain world. He stressed, as we did in our story, that the special training doesn't mean the United States actually intends to use nuclear weapons to deal with minor emergencies. The preparations merely give the President another option.

We can report, meanwhile, that the United States now has more than 22,000 tactical nuclear weapons. This is probably triple the tactical nukes in the Soviet arsenal.

We can also report that almost half of our tactical nukes are scattered around the world from West Germany to South Korea. Another 1,000 are carried aboard our submarines, aircraft carriers and destroyers.

Naval Disaster: There's an untold story behind the Eastern Airlines jet that crashed at Charlotte, N.C., last September.

The passenger list reveals that a number of military personnel were aboard. The Navy, especially, suffered a setback that has seriously hampered one of its major operations -- the mine warfare program.

Rear Adm. Charles Cummings, the top mine warfare man in the Navy, died in the crash, as did his chief civilian science adviser, Paul Merenthal. Capt. Felix Vecchione, one of Cummings' subordinate commanders, also went

down in the plane.

In addition, the Navy lost two Polaris submarine skippers -- Jack Hoel and John Sopko.

White House Visitor: At the Secret Service, agents frequently swap tales about the crackpots who come knocking at the White House door. One such story has become a legend.

A few years ago, a taxi pulled up in front of the East Gate of the executive mansion. Out stepped a man dressed like a scuba diver. He had on a wet-suit, mask and flippers, and he carried a spear gun. He flip-flopped up to the gate and demanded to see the President.

"Right this way, sir," said the guard, and he led the diver into a room for interrogation. After a half hour of questioning, the man suddenly realized he was not going to be seeing the President. He reached for his spear gun and let fly at a Secret Service agent. The harpoon missed by a fraction of an inch and imbedded itself in a wall behind the agent.

The diver, we are told, was led off to a psychiatric ward for observation.

Spook Scoop: Until recently, CIA insiders tell us, the agency actually had a division known as the "LSD office." It had nothing to do with the controversial drug, however. The name stood for "Life Sciences Division." This was the office which gathered and studied intelligence about the health of world leaders.

The late Nikita Khrushchev, for example, visited the United States in 1959. The CIA's "LSD office" actually gathered samples of the Russian leader's fecal matter which they then analyzed for clues to the condition of his health.

For Those Of Us Who Are Older

What do you know about The Haven?

Do you know that it is Andover's town supported drop-in and referral center for those of us who are over 60? That is what it is there for. It is located at 25 Barnard Street across from the parking lot behind the Town Hall and it is open every day from 10 a.m. to 4 p.m. The Director of The Haven is Mrs. Doris Hudgins.

Every day you can find a group of men playing cards and they would welcome you to their group. They usually play Forty Fives around their new round table. Friday is especially designated as Men's Day at The Haven but you'll find the card players there every day.

Wednesday mornings a group from The Haven journey across the street to Andover Lanes on Park Street for a session of bowling. Newcomers are always welcome. You don't have to be an experienced bowler. They'll help you learn and love having you join the group.

Monday evenings The Haven sponsors a free swim at the Voke School in West Andover from 6 p.m. to 7:30 p.m. The facilities are new and modern and those particular hours are reserved for Andover residents.

Witman - Lucy

Mrs. Theodore J. Witman, II

At a nuptial Mass in St. Augustine's Church on July 19, Miss Mary Ellen Lucy, daughter of Mr. and Mrs. Robert F. Lucy, 1 Haven Drive, Andover, became the bride of Theodore Davis Witman, II, son of Mr. and Mrs. Theodore R. Witman, 197 Haggetts Pond Road, Andover.

Rev. Robert H. Grant of Post Falls, Idaho, uncle of the bride, officiated.

Given in marriage by her father, the bride wore a gown of white silk organza, enhanced with a venise lace bodice and featuring a high neckline, three tier bell sleeve and skirt. The full cap was of venise lace featuring a full length trailing veil. She carried a cascade of miniature orchids, sweetheart roses and stephanotis.

Miss Dianne M. Lucy, sister of the bride, was maid of honor.

Bridesmaids were Miss Karen M. Benedict of Fort Lee, N.J., cousin of the bride; Miss Leah Lamson of Hudson and Mrs. Paula Bagge of Keene, N.H.

The maid of honor and bridesmaids wore gowns of white organza with a flowered print of

yellow, peach and white. The gowns were sleeveless featuring scoop necklines forming a two-tier capped sleeve and they wore peach picture hats. They carried colonial bouquets of peach, yellow and white daisies.

Sanders R. Witman of Andover, brother of the groom, served as best man. Ushers were Robert F. Lucy, Jr. and Richard H. Lucy both of Andover and brothers of the bride, and Harold W. Bagge of Keene, N.H.

At the church, two baskets of white gladiolas, accented with peach and yellow poms, decorated the altar. Miss Mary Lanigan was organist and George Manor, soloist.

For her daughter's wedding, Mrs. Lucy wore a floor length gown of peach qiana, featuring long sleeves and V neckline.

The mother of the groom wore a floor length gown of light green qiana, featuring short sleeves and a belted waistline.

Following a reception at the Andover Inn, the couple left on a wedding trip to Nantucket and Newport, R.I.

The bride is a graduate of Andover High School and is a senior at Simmons College, Boston.

Mr. Witman is also a graduate of Andover High School and served in the U.S. Coast Guard from 1968 through 1972. He is presently employed with Marty's Motorsports, Lowell, as a service manager.

Mann - Sherman

Mrs. Harry S. Mann

At an 8 o'clock ceremony, July 12 in Kemper Chapel, Phillips Academy, Miss Lois R. Sherman, daughter of Mr. and Mrs. Robert E. Sherman, 6 College Circle, Andover, became the bride of Harry Stone Mann, son of Mr. and Mrs. Irving Mann, 42 Neptune St., Beverly.

Rabbi S. Umen of Manchester, N.H. and Rev. J. Edison Pike, rector, Christ Episcopal Church, Andover, officiated.

Given in marriage by her father, the bride wore a gown of

point d'esprit trimmed with imported venise lace, matching headpiece of imported silk illusion, three-quarter length veil with matching venise lace around the edge. She carried a bouquet of white roses and baby's breath.

Jean Sherman was maid of honor and bridesmaids were Donna Lotrecchiano of Columbus, Ohio and Dianne Seiber of Detroit, Mich.

The attendants wore coral gowns, sleeveless with ruffle

October Wedding Planned

The Collegiate Chapel of Christ the Teacher, Merrimack College, was the setting for the wedding of Miss Ann M. O'Reilly, daughter of Mrs. Francis J. O'Reilly and the late Mr. O'Reilly, 7 Downing St., Andover, to David F. Montani, son of Mr. and Mrs. Stephen F. Montani, 26 Rose St., Milton.

Rev. John A. Coughlan, O.S.A., vice president of academic affairs at Merrimack College, officiated.

Given in marriage by her uncle, Dr. William R. O'Reilly, the bride wore a white silk organdy gown with venise organdy Swiss appliques, circlet neckline, short arched Grecian sleeves, empire bodice, appliqued A-line skirt with a sweep train and a matching fingertip mantilla held by a Juliet cap. She carried a bouquet of stephanotis, mums, pink roses and baby's breath.

Miss Sally F. O'Reilly, sister of the bride, was maid of honor and bridesmaids were Miss Jane E. O'Reilly, sister of the bride, Miss Mary Jo O'Reilly and Miss Patty A. McGinty, cousins of the bride and Miss Donna M. Montani, sister of the groom.

The attendants wore pink violet gowns with circlet neckline of ruffles accented with venise lace forming the sleeves, empire bodice caught at the waist with a pink satin ribbon. They carried colonial bouquets of pinks with purple accents.

James Rae Whyte Minister At Academy

James Rae Whyte, the School Minister at Phillips Academy, Andover, and an Instructor in Religion and Philosophy there, died on Saturday, Aug. 2, from complications resulting from a kidney transplant.

Mr. Whyte was born in Saskatchewan, Canada, in 1920, and was raised in Lansing, Michigan. He received his B.A. in 1943 from Michigan State University, his B.D. in 1949 from Union Theological Seminary, and a S.T.M. from Andover-Newton Theological Seminary in 1966. He served as Chaplain at the Mount Hermon and Northfield Schools from 1949 to 1961, and as Minister of the South Church, Pittsfield, from 1961 to 1966. He joined the Phillips Academy faculty in the fall of 1966.

James Whyte's ministry at Andover was a special one, encompassing as it did those years

of the '60's which were of such great turbulence both for youth and for theology. He shaped a fresh and vital role for the church at the Academy, one marked by great preaching, candor, good humor and sensitivity. Whyte's periodic chapel publication, "The Epistle", was written with a characteristic mix of whimsy and deep feeling, and his classes in the Old and New Testament and in Existentialism were favorites among students.

He is survived by his wife, Hilda Stroop Whyte, by three children, Robin, Eric, and Kristin, and by two sisters, Della W. Pillenger of Elgin, Illinois, and Margaret W. Danford of Lansing, Michigan.

A private committal service was given at the Academy cemetery, and a memorial service will be held at the Cochran Chapel in late September.

Sirota In Concert Wednesday

The Methuen Memorial Music Hall, located just south of Methuen Square on Route 28 (Broadway), will present Victoria Ressimeyer Sirota, organist, on Wednesday evening, Aug. 13 at 8:30. This is the eleventh in the current summer series of fifteen organ recitals sponsored by the Trustees of the Methuen Hall.

Mrs. Sirota is a graduate of the Oberlin Conservatory of Music, where she received a Bachelor of Music degree in organ and music theory and studied with Garth Peacock. Upon graduation, she studied organ with Andre Marchal in Paris and with Gustav Leonhardt in Amsterdam. Having completed her Master of Music degree, she is currently working towards a Doctorate of Musical Arts at Boston University, where she holds a graduate assistantship and studies with George Faxon. She is Organist and Choir Director of the Parish of the Epiphany in Winchester, and a music tutor at Adams House, Harvard University. She has given recitals in New York City, Paris, St. Louis and in the Boston area; this is her first recital on the Great Walcker Organ in Methuen. Included in her program will be works by Grigny, Bach, Mendelssohn and Dupre, as well as a piece for organ and tape, "Night Echoes II", composed in 1975 by her husband, Robert Benson Sirota.

The Great Organ in the Methuen Music Hall contains 4 manuals and pedal, 84 speaking stops and 115 ranks of pipes. Built in 1862 in Germany for the Boston Music Hall (now Loew's Orpheum Theatre on Washington St., Boston), it was the first large concert organ to be installed in this country. In the early part of this century, the instrument was purchased by the millionaire Edward F. Searles of Methuen, who proceeded to have the present Music Hall constructed especially to house the organ. The building is cruciform in shape and highly ornate in decor, with the huge organ in its carved walnut case looming at the "chancel" end of the room.

Additional information about the Music Hall may be had by writing to Mr. Bert Muller, 595 Mass. Ave., North Andover,

WHAT CHRISTIAN SCIENCE CAN do for a family.

It can bring an understanding of God's closeness and care, helping each one in the family in everything he does.

It can develop a deep love for the Bible, and joyful obedience to God's law.

It can teach every member, and the family together, to heal problems in the way Jesus showed.

How can Christian Science do all this? Through Sunday School classes that strengthen children. Through Sunday services that inspire parents. Through Wednesday testimony meetings where personal accounts of healing are shared. Through Reading Rooms where truths are pondered in quiet. Won't you invite Christian Science into your family's life?

OVER 52 YEARS OF RELIABILITY

OPEN TILL 9 P.M. — Sat. TILL 5 P.M. — 683-8775

The development of the West Andover industrial area is moving ahead on a smooth path these days, with building and sewer line construction proceeding compatibly.

Town Manager J. Maynard Austin signed a contract with the J.F. White Construction Co., of Newton for sewer line construction this week, thus signalling the beginning of the town's commitment to the industrial development area.

The contract for \$1,984,000, is well within the \$2.5 million appropriated at town meeting in 1973 and is proceeding in con-

formance with an agreement that the town would begin work as soon as Hewlett-Packard began construction of its plant at the former Shattuck Farm site.

The medical electronics firm began work last month on the first of its planned buildings in the industrial acreage owned by Arkwright/Boston Insurance Co.

The initial building which will provide 170,000 square feet will ultimately cost in excess of \$7 million according to H-P officials.

Completion of construction of

the new plant is anticipated for late summer or early fall of next year and will have an initial employment of about 400 persons.

Further paving the way for the industrial development was action by the Lawrence City Council this past week which approved the taking of easements for the sewer line construction.

The trunk sewer line to the Andover acreage will tie in with the Lawrence trunk line, following a route roughly bordering the Merrimack River.

Andover selectmen had earlier taken easements for the pipeline installation.

Other agreements between the town, H-P and the insurance firm are in the process of being finalized, according to Austin.

H-P's Andover division will have responsibility for designing, manufacturing and marketing medical electronics equipment for cardiovascular care, including cardiographs, ECG data management systems, catheterization labs and clinical/research cardiovascular recording systems.

These products are currently being manufactured at group headquarters in Waltham. As an interim measure, some work will be transferred to leased facilities in Wilmington this summer.

Named Secretary Of Council

Dr. Pat Marino, assistant dean for Graduate Studies at the University of Lowell, has been named Secretary of the Council of Sections, Zone 1 of the American Society for Engineering Education, a professional society concerned with matters of curriculum, new teaching techniques and the welfare of engineering educators.

Zone 1 includes colleges and universities in New England, the Middle Atlantic States, Upper New York State and Ontario. His period of tenure will be for two years and he will also continue as a member of the Executive Board of the Zone.

Dr. Marino resides with his wife and daughter at 9 Enfield Drive, Andover.

Wild tomatoes found in America by Europeans were avoided because the leaves and flowers indicated they were a member of the poisonous nightshade family. They were grown in gardens as ornamental plants, and the fruit was called a love apple, Massachusetts Audubon says.

Supreme Cleaners - For Back-To-School Dry Cleaning

It's later than you think, mothers - it's time to get those back-to-school clothes in shape. And it is so easy to drop off your family's sweaters, skirts, slacks, school uniforms, etc. at Supreme Cleaners when you are doing errands at Shawsheen Plaza, Andover. There's never a parking problem and for your convenience, Supreme is open daily from 7 A.M. till 9 (Saturdays till 6) during the summer.

Perhaps someone at your house is going away to school this year. If so, it's a good idea to have their fall and winter clothing beautifully dry cleaned and pressed at Supreme's

modern plant before they leave, thus avoiding the disappointment caused by unsatisfactory dry cleaning service away from home. Supreme's staff knows what is best for your clothes. All work is done right on their premises, by their own help. Keep in mind, too, that you can have one-hour service on dry cleaning if necessary.

At Supreme Cleaners, all garments are dry cleaned by their odorless process. Every item is carefully checked and hand spotted as pictured here and pressed with special care. If a garment needs repair, no need to take it to a tailor first - Supreme

does alteration and tailoring work, including zipper replacement.

For professional shirt service, you can also call on Supreme. Modern equipment guarantees your satisfaction. Shirts will be laundered, starched, pressed, packaged and ready for pick-up in less time than you could do them yourself (3-hour service when you require it). As an added convenience, Supreme now has a complete shoe repair service.

Try them - Supreme Cleaners, so conveniently located in the Shawsheen Plaza, Andover. For further information, call Supreme at 475-6636.

Native Corn At Market

THE TOWNSMAN, AUGUST 7, 1975

Excellent growing weather has produced a bumper crop of native sweet corn and other vegetables which are selling at reasonable retail prices, according to the Massachusetts Department of Food and Agriculture.

Sweet corn has been featured for as low as .89 a dozen, vine-ripened tomatoes at .39 a pound and cucumbers at .10 apiece.

The native blueberry season is also underway and savings of up to 25 per cent are available at some fifteen "pick-your-own" blueberry farms throughout the state.

Sweet corn will retain good quality for several days, but only if it is kept cold and moist. Refrigerate the ears as soon as possible and wrap in a damp cloth to keep them moist.

When buying sweet corn, look for fresh husks with good green color and silk ends that are free from decay. The stem ends should not be too dried or discolored, and the ears should, of course, be well covered with plump kernels.

Sweet corn doesn't require much cooking time. Drop the

husked ears into boiling lightly salted water to cover. Cover the pan and bring the water quickly back to a boil. When the water returns to a boil, reduce the heat a little and cook only about five minutes.

of the Tired Feet award were Stacey Hostetter and Celeste Concemi. Honorable mention goes to Timmy Smith, Anne Concemi, Eileen Powers, Tracey Hostetter, Lisa Concemi, Ann Wilde and everyone else who danced.

Looking at Wild World of Sports the West Wildcats cheering squad are getting ready for the contest at Ballardvale this

Wednesday.

The girls' softball beat Doherty girls in a close 9-8 seven inning game.

The boys kickball team succumbed to the Vale's superior feet, however, our basketball

team remains undefeated as Chris Doherty, Steve Doherty

and Carl Wetterberg continue their superior play.

October Session

(Continued from Page One)

Prospect Hill, as well as completing the initial needs of the improvement of the distribution system as recommended in the master plan.

The town has been making annual improvements to the system in the amount of \$200,000. This year, the selectmen, in view of the state of the economy, as well as providing time for further study of the matter, did not include the annual item in the warrant. Rather, they asked the town manager and public works director to look into a total cost of the project.

The project cost is now at \$3.5 million and will be among the items considered for warrant inclusion at the next meeting of the selectmen on Aug. 18.

The revaluation item was the source of considerable controversy at the selectmen's meeting last week.

Chairman Milton Greenberg and the selectmen chastised the assessors for a letter sent to the state department of corporation and taxation informing of the town's intent to revalue and to seek funds for this purpose at the October town meeting.

Greenberg said he did not want Andover to be the first community to revalue in accordance with a court order which has mandated all towns and cities in the Commonwealth to bring assessment practices up to 100 per cent of fair market value of property.

Assessor William Russell had sent the letter to the state tax commission without informing the selectmen or manager of the action.

The selectmen refused to allow the article to be inserted in the warrant, suggesting postponement of such action until the annual town meeting at the earliest.

It is believed, however, that the matter will be discussed further between the selectmen and assessors prior to the Aug. 18 meeting.

These items tend to make the October session one of broader interest than in the past.

In recent years there has been threat of obtaining a quorum for the session. Based on initial considerations, such a threat should not exist this year.

Another factor is the lack of the Finance Committee veto power over money items in the October session. Until this past year, the FinCom could veto any article dealing with money at the October meeting, thus preventing consideration.

Lynch Named Supt.

John M. Lynch, 37 Gray Road, Andover, an employee of the highway department for many years, was named department superintendent this past week by Town Manager J. Maynard Austin.

Lynch, who has been serving as highway department general foreman since the mid 1960's, succeeds the late Stanley Chlebowski who headed the department for over 30 years.

The appointment was made Tuesday and announced to the department by Public Works Director Robert McQuade.

A survey of boat operators in California in 1973 revealed that about 115,000 people spent \$750,000 on cruises to watch the gray whale migration between Alaska and Baja California, Massachusetts Audubon reports. Once near extinction, the gray whale population now is about 11,000.

Fatally Injured In Crash

A North Reading man was fatally injured Saturday afternoon when his car ran off the road and flipped over several times off South Main street in the vicinity of Rocky Hill Road.

John J. Burke, 22, 25 Harding Road, North Reading, a Vietnam veteran, was pronounced dead on arrival at Lawrence General hospital, by medical examiner, Dr. John T. Batal, where he was taken in the Andover fire department ambulance following the spectacular crash which occurred shortly after 4 p.m.

In critical condition at the hospital is Mark Pelletier, 19, of Hawthorne Terrace, North Reading, who was riding with Burke in the car. He was under treatment for arm injuries and multiple abrasions.

The accident is still under investigation and Andover police are still unable to determine who was driving the car, since they have not been able to talk to Pelletier as yet.

Brian Babicki, who was working at the Main street Mobil Station, near where the accident happened, told Andover police that the car was heading toward North Reading when it hit the curb in front of the station and went through the air, flipping over and landing on one side of the station property.

Ralph Borelli of Andover, said he had been driving behind

the Burke car and reported the vehicle passed another car then had to cut back in to avoid a car coming in the opposite direction.

The car reportedly hit the curbing and flew into the air, travelling some 60 feet before coming to rest near the gas station property.

Andover firemen had to cut

open the roof of the car to remove the two men.
